**THE EGYPTIAN NURSERY  
AND  
LANDSCAPE COMPANY**  
FARINA, ILLINOIS

Dear Customer: SPRING '50

The following prices are for early orders! Your order should be rushed in at once before we are sold up on many varieties, as many late orders last season had to be returned unfilled.

**TERMS:** These prices are cash with order or one-fourth down payment when order is booked and balance C.O.D. when order is shipped.

**NOTE:** Be sure to state how you wish your order shipped—Express or Parcel Post.

All 6-12 inch and 12-18 inch grade peach are tied in bundles of twenty-five in each variety.

**PEACH**—Elberta, Gage Elberta, J. H. Hale, Golden Jubilee, Hale Haven, Belle of Georgia, Red Haven, Rochester, Early Elberta, Red Bird, South Haven, Champion.

	Each	Per 10	Per 25	Per 100	Per 1000
Under 1 foot		Not sold in	18c	15c	12c
12-18 inches		quantities of less	23c	20c	18½c
18-24 inches		than 25 1 variety	30c	24½c	20c
2-3 feet	45c	42½c	40c	35c	32½c
3-4 feet	65c	60c	55c	50c	45c
4-5 feet	80c	75c	72½c	70c	
Super Size	1.65	1.50	1.40	1.25	
Bearing Age	2.75	2.50			

**PEACH**—ROBERT'S HALE AND DIAMOND KING

Very large; yellow freestone with a red blush; extra highly flavored; extremely hardy; has stood many degrees below zero uninjured. Think of a two-year-old DIAMOND KING tree bearing two bushels of peaches the second year, which sold for \$5.70. Figure one acre or 100 trees at this rate! The heavy bearing ROBERT'S HALE PEACH has produced 10 or 12 bushels per tree from seven-year-old trees. These sold at \$4.75 per bushel here last year. Every home orchard should include ROBERT'S HALE and HARDY DIAMOND KING trees.

	Each	Per 10	Per 100
2-3 feet	\$1.65	\$15.00	\$125.00
3-4 feet	2.00	17.50	150.00
4-5 feet	2.50	22.50	200.00

No more than one hundred allowed in each order unless by special arrangement.

All 6-12 inch and 12-18 inch grade Apple are tied in bundles of twenty-five in each variety.

### NEW SENSATIONS IN ORNAMENTALS!

RED LEAF PEACH: Many ornamental trees have been offered with colored foliage, but never an ornamental peach tree with red foliage—bright red early in the spring, gradually dulling to a deep maroon towards fall. Its deep rose blossoms against the red foliage create a most pleasing contrast with your other plantings. These trees produce a full crop of perfectly round peaches—just the size for pickling. Fruit has an all-over red coloring, flesh is white with a delicious sweet flavor. Ripens real late.

4-5 feet—\$1.25 each; two for \$2.00

RED FLOWERING PEACH: As one eagerly waits for spring, Red Flowering Peach bursts forth with countless rosy lavender blooms that appear along the numerous, widespread branches, so thick are the flowers that the tree appears as a small pink cloud. It is one of the most attractive of the low-growing, flat-topped trees, attains a height of about 15 feet at maturity. Flowers appear before the trees leafs out in spring. Due to the extreme hardness of the wood, the tree is usually very late in leafing out.

3-5 feet—\$1.50 each; two for \$2.75

WHITE FLOWERING PEACH: Same as the Red Flowering Peach only with white blossoms. Same price as Red Flowering.

WEEPING FLOWERING CHERRY: Resembles the common Flowering Cherry except it is weeping in form. One of the newest and most attractive of the new ornamentals.

3-4 feet—\$3.50 each; two for \$6.00.

AMOOR RIVER NORTH PRIVET FOR HEDGING.

18-24 inches—50 for \$7.00; 100 for \$12.00; 2-3 feet—50 for \$12.00; 100 for \$18.00.

JAPANESE BARBERRY: Each Per 12 Per 100

2 yr., 15-18 inches, Heavy..... .40 \$3.50 \$25.00

3 yr., 18-24 inches, Heavy..... .60 6.00 40.00

EXTRA HEAVY BLOOMING GRADE SHRUBS: French Hy-

brid Lilacs; Philadelphus Virginal; Weigela Eva Rathke;

Tamarix; Red Barberry; Althea; Redbud. Each Per 12

## WE GROW OUR OWN TREES ON OUR OWN FARMS

We have received letters from our patrons and prospective patrons, stating that they had been advised by tree agents and others of our competitors that we did not grow any of our trees, but bought them from other nurseries. In contradiction of this statement we want to say, that with the exception of a few varieties, we grow everything we sell, and it is grown on our farms.

We do not grow everything on one farm, because different kinds of trees require different soil. For instance, a peach tree grows best on light soil, and a pear tree on heavy soil, and we grow only that class of tree on each soil that is best adapted to that particular soil.

So if anybody tries to persuade you that we do not grow our own trees, we would like to have you invite them to visit us, and we will prove to them that we do grow our own trees.

\$1.00 Worth of Nursery Stock Included in Your Order for Sending Us The Names of Your Neighbors Who Are Property Owners.
